

A IERS/IVS Working Group

Charter:

The purpose of the working group is to generate the second realization of the ICRF from VLBI observations of extragalactic radio sources, consistent with the current realization of the ITRF and EOP data products. The working group will apply state-of-the-art astronomical and geophysical models in the analysis of the entire relevant S/X astrometric and geodetic VLBI data set. The working group will carefully consider the selection of defining sources and the mitigation of source position variations to improve the stability of the ICRF. The goal is to present the second ICRF to relevant authoritative bodies, e.g. IERS and IVS, and submit the revised ICRF to the IAU Division I working group on the second realization of the ICRF for adoption at the 2009 IAU general assembly.

Goal:

Produce ICRF2 for IERS/IVS consideration and for submission to the IAU Working Group.

Active:

2006 – 2009

Membership:

- E. F. Arias, France
International Bureau of Weights and Measures (BIPM) and
Associated Astronomer at the Observatoire de Paris
- G. Bianco, Italy
Agenzia Spaziale Italiana
- D. A. Boboltz, USA
United States Naval Observatory
- S. L. Bolotin, USA
NVI, Inc. and Goddard Space Flight Center, NASA
- P. Charlot, France
Université de Bordeaux, CNRS,
Laboratoire d'Astrophysique de Bordeaux
- G. Engelhardt, Germany
Bundesamt für Kartographie und Geodäsie
- A. L. Fey, USA
United States Naval Observatory
- R. A. Gaume, USA
United States Naval Observatory
- A.-M. Gontier, France
Observatoire de Paris/SYRTE-UMR8630 CNRS
- R. Heinkelmann, Germany
Deutsches Geodätisches Forschungsinstitut (DGFI)
- C. S. Jacobs, USA
Jet Propulsion Laboratory, Caltech/NASA
- S. Kurdubov, Russia
Institute of Applied Astronomy RAS
- S. B. Lambert, France
Observatoire de Paris/SYRTE-UMR8630 CNRS

- C. Ma, USA
Goddard Space Flight Center, NASA
- Z. M. Malkin, Russia
Pulkovo Observatory RAS
- A. Nothnagel, Germany
Institut für Geodäsie und Geoinformation, Universität Bonn
- L. Petrov, USA
Adnet Systems Inc. and Goddard Space Flight Center, NASA
- E. Skurikhina, Russia
Institute of Applied Astronomy RAS
- J. R. Sokolova, Russia
Pulkovo Observatory RAS
- J. Souchay, France
Observatoire de Paris/SYRTE-UMR8630 CNRS
- O. J. Sovers, USA
Jet Propulsion Laboratory, Caltech/NASA
- V. Tesmer, Germany
Deutsches Geodätisches Forschungsinstitut (DGFI) and
OHB-System AG
- O. A. Titov, Australia
Geoscience Australia
- G. Wang, China
Shanghai Astronomical Observatory
- V. E. Zharov, Russia
Moscow State University
