IERS Workshop at Paris Observatory, 14-18 October 1996

PROGRAM

Monday 14 October

9:00-10:30 IERS extended Directing Board
Conveners: C. Reigber, M. Feissel

11:00-12:30 IERS extended Directing Board + Topic Coordinators
Conveners: C. Reigber, M. Feissel

---------- START OF 1996 IERS WORKSHOP ----------

13:00-14:00 **Registration.**

14:00-15:30 Topic 1(a): Assessment of current missions
Conveners: G. Beutler, I. Mueller

16:00-17:30 Topic 2: Astronomical reference frames
Conveners: J. Kovalevsky, M. Standish

Tuesday 15 October

9:00-10:30 Topic 3: Vertical references, incl. geoid, sea level, etc.
Conveners: C. Boucher, B. Carter

11:00-12:00 Topic 4: Topography and crustal deformations
Conveners: B. Engen, B. Minster

12:00-12:30 Topic 5: Unification of regional reference systems
Conveners: W. Augath, J. Manning

14:00-15:30 Topic 6: Earth rotation dynamics and geophysical fluids
Conveners: V. Dehant, C. Wilson

16:00-17:30 Topic 1(b): Assessment of current missions
Conveners: G. Beutler, I. Mueller

Wednesday 16 October

9:00-12:00 Group discussions

14:00-16:30 General discussion and conclusions
Convener: C. Reigber

---------- END OF IERS WORKSHOP ----------

Friday 18 October

14:00-15:30 IERS extended Directing Board + Topic Coordinator
Conveners: C. Reigber, M. Feissel

16:00-17:30 IERS extended Directing Board
Conveners: C. Reigber, M. Feissel
